

**WWE**  
WORLD-WIDE  
EVANGELISM

**Bako (Ethiopia)  
March 2015**

Dear friends,

What we are experiencing in Ethiopia is so marvellous and wonderful that it keeps on amazing us. Sometimes we feel as if we had been on the mountain with Jesus, experienced his glory and then returned to everyday life.

We have seen many people getting saved and healed and many receiving the word of God with great excitement. From **18 to 22 February** we were in **Bako**, a place that is dominated by the Orthodox Church and Islam.

When people are healed, word gets around, and so four Muslims came and brought a madman whose hands were bound with cords. During the sermon, this man came onto the stage with his friends because he had become normal. When his Muslim friends saw what had happened, they received Jesus.

A man who had a bad past and had spent many years in prison, only having recently been released, came to the meeting. He heard the sermon about the prison of sin and was touched. When the time came to give the altar call he ran to the stage and gave his life to Jesus. "My whole life was a prison and the devil forced me to do a lot of evil," he said. He was set free from all evil spirits, experienced the saving power of Jesus and was also healed.

Another man said that he was hearing the gospel for the first time in his life. "I came out of darkness and I saw the light," he shouted.

One woman had been a sorceress for 15 years and the spirit of witchcraft had turned her blind and made her whole body ill. She was saved, healed and set free, and now she can see again.

A boy had been suffering from sensitivity to light since childhood. He could not bear any light and his eyes hurt constantly. He was healed.

Many people testified to being healed from tumours and growths. One woman said that her stomach had been constantly bloated for six years and she had an appointment for an operation. During prayer, something moved in her stomach and it was suddenly back to normal.

Jesus still forgives sins and still heals the sick. Healing follows the forgiveness of sins. Who forgives all your sins and heals all your diseases. Confess your sins to each other so that you may be healed. Jesus bore our sins and took our diseases upon himself. Jesus was pierced and crushed for our sins and by his wounds we are healed. The prayer of faith will raise up the sick person. Faith is the key to all of God's blessings.

From **18 to 22 March** we have our next evangelistic outreach. Please pray for us and help us financially.

We thank you with all our hearts and wish you God's abundant blessing.

The child was so ill, the mother thought she would die. She brought the child and she was healed instantly.

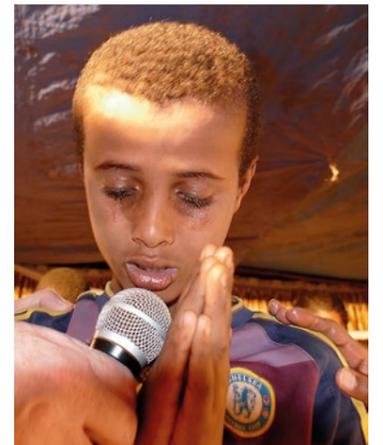

For years the child had suffered from itching. During prayer, the itching stopped and the child said to her mother: I am healed.

For 15 years his left ear had been deaf.

For the last two months she had been unable to see or hear. Now she can do both.

For years he had suffered from sensitivity to light and his eyes hurt.

Since the age of six months, this ten-year-old boy had been hard of hearing and for the last two years he had had joint pain in his knees and had been unable to play. He came onto the stage by himself and testified that he had been healed. We later found his father, who confirmed everything.

"I was living in darkness and now I have found the light," shouted this man.

For nine years she had had a painful growth under her arm and could not breathe without pain. It vanished.

# How to receive healing

by

Ekkehard Hornburg

**1. Healing is God's will for you.** God says in 3 John 1: *"Beloved, I wish above all things that you may prosper and be in good health just as your soul prospers."* Jesus went around doing good and healing all who were oppressed by the devil, because God was with him, Acts 10:38. Jesus taught us to pray: Your will be done, on earth as it is in heaven. In heaven there is no disease.

*"Who forgives all your sins and heals all your diseases,"* Psalm 103:3. Jesus bore our disease and our suffering. He was punished for our sins and by his wounds we have been healed. Is 53:4f; 1 Pet 2:24; He healed all those who were suffering to fulfil what was spoken through the prophet Isaiah: *"He took up our infirmities and bore our diseases."* Matt 8:17.

**2. Sickness is not from God.** Satan is the father of sin and disease. Sin and disease are not a blessing but a curse, and Jesus redeemed us from the curse of the law, Gal 3:13. The thief (Satan) comes to steal, kill and destroy. The devil will steal our money, our health and our life if we allow him. Jesus is exclusively good and the devil is exclusively evil. Jesus came to redeem us from evil. He came to destroy the works of the devil. Sin and disease are twins and originate from the same source.

**3. Ask in faith for your healing:** The prayer of faith will save the sick person (Mark 11:24; 1 John 5:15; Matthew 7:7; James 1:6, 5:15; Hebrew 11:6). We can only pray in faith if we know the will of God. Faith starts, where the will of God is known. Praying "Lord, heal me if it is your will," is the same as praying "Lord, forgive me if it is your will." It is always God's will to forgive all our sins and heal all our diseases. That is what Jesus died for.

**4. Believe that God has heard your prayer** and that you have received healing according to the word of God. Jesus said in Mark 11:24, *"Therefore I tell you, whatever you ask for in prayer, believe that you have received it, and it will be yours."*

That means I have to believe that I have received something even before I can see or feel it. Many people say, "If I feel better or see a change, I will believe that I have received." But that is Thomas-like faith. He wanted to see and then believe. We receive with our hearts and first become pregnant with the answer. You may not be able to see anything yet on the outside.

When Jesus cursed the fig tree, there was nothing to see at that point. When a sinner receives Jesus, they may not feel any different afterwards, but according to the word of God, something has happened in their heart. The moment someone prays in faith for their healing, something happens in the spirit and God transmits the healing from spirit (God is spirit) to spirit (our spirit). The healing has begun.

From now on, I thank God that he has heard me and is carrying out the healing in me. With the eyes of faith I see myself as healed and confess with the mouth of faith that I am healed. If others cannot understand that, keep your faith to yourself until it becomes visible. Hold on to the confession of your faith that you are healed because God says it, not because you can feel it.

**5. Resist doubts, unbelief and all symptoms of disease.** The devil wants to make us believe that nothing at all has happened and God has not heard us. He wants to challenge the miracle and "abort the baby". The Bible says we should resist the devil with the word of God and hold on to the confession of our faith.

Look at God's word, not at the symptoms and circumstances. When Peter moved his gaze onto the wind and the roaring sea, the miracle stopped. Someone has said: Faith is when you can thank God for something although you cannot see or feel it yet. See yourself with the answer, thank God for the answer; the answer is on its way and will come if we do not give up and grow weak. Abraham did not grow weak in faith but rather gave glory to God that it was as God had said.
